

576 Optical Fiber Distribution Box

Overview

The 576 port FDH is ideal for pad mount applications. Westell's Fiber Distribution Hub (FDH) cabinet series provides a unique solution for fiber interconnection and distribution that suits nearly any network application, including FTTx and network infrastructure. Fiber optic cabinet, max up to 12/24/48 trays, 12 ports one tray, total 144/288/576 ports, FC or SC adapter can be installed. Optional cabinet material: SMC, stainless steel. How could I get the quotation?

-You can send email to us, quotation sheet will be provided within 24 hours. This FDT is used for connecting, allocation and dispatching of communication optical cables to each optical distribution node, providing safe, reliable and flexible management equipment of optical fiber and cable for communication network. It load MTP/MPO and ribbon fiber cable inside, easy to use by connector plug.
