

Cambodian manufacturers of electrical distribution boxes

AI Overview

Leading Cambodian companies manufacturing and supplying electrical distribution boxes include EEPS, Dhinimex, ATS, Koober Engineering, and Soma Energy. Key Companies EEPS Co., Ltd specializes in medium voltage distribution, grid automation, and building automation systems. They import and supply electrical products such as switchboards, switchgear, and transformers, and also focus on solar and energy storage solutions for sustainable energy projects in Cambodia. Dhinimex Co., Ltd designs and manufactures high-quality electrical equipment including control panels, distribution transformers, and cables. They provide end-to-end power infrastructure solutions, from poles and transformers to fully equipped substations, and offer testing and maintenance services to maximize performance. ATS Cambodia is a leading supplier of electrical and automation solutions. They design and manufacture energy and electrical distribution systems tailored to client projects, leveraging their in-house manufacturing facility and multi-brand approach. Koober Engineering Co., Ltd provides complete solutions for primary incoming power supply, including medium voltage lines, switchgear, transformers, and low voltage switchgear. They have over 30 years of experience and have completed large-scale projects such as Aeon Mall and Naga World. Soma Energy specializes in the installation and supply of small, medium, and large distribution transformers, as well as integrated electrical panels (MDBs) for 24-hour power protection. Their systems are applicable across industries including hotels, hospitals, banks, airports, and telecom facilities.

Summary These companies offer a combination of manufacturing, supply, and installation services for electrical distribution boxes and related equipment in Cambodia. They cater to both commercial and industrial projects, with expertise in medium and low voltage systems.
