

Cost of steel cable trays in Zhuji

AI Overview

Steel cable trays in Zhuji typically range from approximately 50 to 300 RMB per meter, depending on type, material, and specifications. Overview of Pricing Steel cable trays are available in galvanized steel, stainless steel, and aluminum, with galvanized steel being the most common for industrial and commercial applications. Prices vary based on:

- Type of tray: Ladder, perforated, or solid-bottom designs. Ladder trays are generally more economical, while perforated or solid-bottom trays may cost more due to additional material and fabrication.
- Material thickness and quality: Thicker steel or higher-grade stainless steel increases cost.
- Length and width: Standard lengths are usually 2–3 meters, and wider trays for higher cable loads are more expensive.
- Order quantity: Bulk purchases often receive discounts from manufacturers or wholesalers.

Typical Price Ranges

- Hot-dip galvanized steel ladder tray: ~50–120 RMB per meter
- Perforated steel tray: ~80–200 RMB per meter
- Stainless steel tray: ~150–300 RMB per meter

These ranges are indicative and can fluctuate based on supplier, customization, and market conditions.

Purchasing Tips

- Factory-direct sourcing: Contact local manufacturers in Zhuji for competitive pricing and potential OEM options.
- Customization: Specify load capacity, environmental conditions, and cable type to get accurate quotes.
- Volume discounts: Larger orders often reduce the per-meter cost.
- Supplier verification: Use platforms like Made-in-China, Alibaba, or Tradewheel to find verified suppliers in Zhuji. For precise pricing, it is recommended to request quotes directly from Zhuji-based manufacturers such as Shandong Zhongjia Equipment Manufacturing Co., Ltd or Taian JINHENG Electric Co., Ltd, providing your project specifications and required quantities.
