

Czech Industrial Switch Series

Overview

Czech switches excel in demanding industrial settings due to robust build quality, precise mechanics, and features like IP67 sealing and durable tin-silver contacts, making them highly dependable for prolonged use in tough environments.

Disclaimer: This content is provided by third-party. We are introducing a new addition to the NEXA range. Light & Building will take place from March 8th to March 13th, 2026, and we cannot afford to miss it! We would like to introduce our latest range of toggle switches and sockets NEXA. We have achieved our leading position on the market mainly thanks to a close link between the development with our own state-of-the-art manufacturing process and our unrivalled. The new production series VSN with slanted clamps has been designed based on the reliable technical design, tried and true over the decades, of the previous series VS (or BACO). We supply cables, circuit breakers, switches, light bulbs, fluorescent lamps, heating systems, lightning rods, home telephones and lighting equipment including complete design and calculation.
