

## **Eight optical cables in Saudi Arabia**

### **AI Overview**

Eight-core optical fiber cables are widely available in Saudi Arabia from multiple suppliers, including single-mode and multimode options suitable for indoor and outdoor applications. Suppliers and Manufacturers Azra IT Systems in Riyadh offers 8-core OM3 50/125 multimode fiber optic cables along with a full range of single-mode and multimode cables, including armored and loose tube variants for indoor and outdoor use. They provide fast delivery and technical support for system integrators. Atlanta Network supplies 8-core single-mode and multimode fiber optic cables, including armored and non-armored types. Their inventory covers indoor tight-buffered cables, central loose tube cables, and steel tape armored cables, compatible with STC-approved infrastructure. Middle East Fiber Cable Manufacturing Co. (MEFC), a Saudi-Japanese partnership, specializes in high-quality fiber optic cables for telecom, oil & gas, and industrial sectors. MEFC produces customized fiber solutions, including 8-core cables, with advanced manufacturing processes ensuring low attenuation and high reliability. Youmats offers a variety of optical fiber cables, including single-mode, multimode, sheathed, and armored types. Their products are designed for high-speed data transfer and broad device compatibility, making them suitable for corporate and institutional networks.

**Key Features of 8-Core Fiber Cables**

- Core Types:** Single-mode (OS1/OS2) and multimode (OM3/OM4/OM5)
- Applications:** FTTH, 5G backhaul, industrial networks, and data centers
- Construction:** Options include loose tube, tight-buffered, armored, and non-armored
- Jacket Materials:** LSZH, PVC, or PE for indoor/outdoor durability
- Performance:** High data transfer rates, low signal attenuation, and compatibility with standard telecom equipment

**Considerations for Procurement**

- Ensure the supplier is STC or Aramco approved if deploying in critical infrastructure projects.
- Verify the fiber type and core count matches your network requirements.
- Consider armored cables for outdoor use.
