

Kuwait Low-Voltage Cable Tray Manufacturer

AI Overview

Leading low-voltage cable tray manufacturers in Kuwait include EBOMAC, Alnafaa Group, Bahman Group, and Almeer Industries, offering a range of metal and FRP/GRP solutions. Key Manufacturers

EBOMAC Founded in 1978, EBOMAC is a prominent electrical boards and switchgear manufacturer in Kuwait. They provide design, manufacture, and supply of low-voltage switchgear and cable trays, adhering to international standards. EBOMAC emphasizes quality, performance guarantees, and local support during the warranty period, making them a reliable choice for industrial and commercial projects in Kuwait.

Alnafaa Group Alnafaa Group specializes in FRP/GRP cable trays and ladder systems, ideal for environments prone to corrosion. Their products include ladder-type and perforated cable trays, coupler plates, expansion plates, and various fittings. The trays are fire-retardant, UV-resistant, electrically insulated, and lightweight, suitable for both new installations and retrofitting aging infrastructure.

Bahman Group Located in Shuwaikh Industrial Area, Bahman Group operates one of the largest cable tray manufacturing facilities in Kuwait. They produce GI metal cable trays, ladders, trunking, and enclosures for local projects, including government and healthcare infrastructure. Their products are widely approved and installed in major projects like hospitals and Kuwait University.

Almeer Industries Almeer Industries focuses on high-quality cable tray systems for commercial and industrial construction, supporting both power distribution and communication cables. They provide flexible solutions for installations where wiring changes are anticipated, offering a variety of tray types and fittings.

Considerations for Selection Material: Choose between metal (GI, steel, aluminum) for strength or FRP/GRP for corrosion resistance and electrical insulation. Compliance: Ensure produ...
