

Maldives Emergency Lighting Distribution Box Model

AI Overview

Emergency lighting distribution boxes in the Maldives are available in various models, including explosion-proof, ATEX-certified, and customizable stainless steel or GRP enclosures. Key Suppliers and Models

1. Atex Delvalle Atex Delvalle offers custom-made explosion-protected distribution boxes suitable for hazardous areas (Zones 1, 2, 21, 22). Their enclosures are available in stainless steel AISI 304L/316L or polyester GRP, and can include LED indicators, voltmeters, ammeters, and multiple control elements. These boxes are ATEX and IECEx certified, designed for extreme temperatures and outdoor conditions, and allow flexible internal configurations for emergency lighting and control systems.
2. Safe Way UG Based in Germany, Safe Way UG specializes in emergency lighting solutions, including distribution boxes for escape routes and safety lighting. Their products are designed for industrial and commercial applications, ensuring compliance with safety standards and reliable operation in emergency scenarios.
3. Petzoldt CP-Leuchten GmbH and High-Light GmbH These companies provide industrial and professional lighting solutions, including LED-based emergency lighting distribution systems. Their products are suitable for damp rooms, high-bay areas, and explosion-prone environments, offering modern LED technology for energy-efficient emergency lighting.
4. Local Maldives Suppliers

E-Talk Maldives offers standard distribution boxes for electrical and lighting applications, including models supporting up to 100 pairs of connections. AJE Emporium provides a range of distribution boxes suitable for general electrical and lighting installations in the Maldives.

Features to Consider

Material: Stainless steel (AISI 304/316L) for corrosion resistance or GRP for lightweight, durable enclosures.

Certifications: ATEX, IECEx, and UL for hazardous area compliance. Custo...
