

# Micro-modular data center construction brand

## Overview

Some of the top manufacturers of modular data centers include HPE, IBM, Eaton, Schneider Electric, Huawei, Dell, Vertiv, and others. Which companies are leading the field for modular data centres?

As computing demands surge, modular data centres are redefining how infrastructure is built, scaled and operated. Designed for rapid deployment, efficiency and resilience, these prefabricated solutions are at the heart of digital. Micro and modular data centers offer businesses and organizations an agile, scalable, and cost-effective solution to meet growing IT demands. These firms create prefabricated data centers—quick, efficient setups designed for various industries. Schneider Electric Edge: Global leader with end-to-end integration (power, cooling, racks, DCIM). Massive in-house manufacturing footprint. Focus: Sustainable, scalable modular DCs with EcoStruxure across. The company has recognized the increasing demand for efficient data center solutions and has introduced "Data Centers Delivered," which offers a full suite of modular data center solutions.
