

## Patch Cord Fiber Optic Ic-Ic

### AI Overview

An LC to LC fiber optic patch cord is a cable with LC connectors on both ends, available in single-mode or multimode, designed for high-density, reliable optical networking.

**Overview** An LC to LC patch cord is a standardized fiber optic cable terminated with LC (Lucent Connector) connectors on both ends. LC connectors are compact, with a 1.25 mm ferrule, half the size of SC connectors, making them ideal for high-density network environments such as data centers and telecom systems. The push-pull latch design ensures a secure and reliable connection.

**Types**

- Single-Mode Fiber (SMF):** Core diameter: 8–10  $\mu\text{m}$  Optimized for long-distance transmission Reduces modal dispersion, allowing high bandwidth over extended distances
- Multimode Fiber (MMF):** Core diameter: 50–62.5  $\mu\text{m}$  Suitable for shorter distances and high-speed local area networks Supports multiple light modes, ideal for intra-building connections

**Features**

- Duplex or Simplex:** Duplex cables have two fibers for bidirectional communication, while simplex has one fiber.
- Cable Lengths:** Common lengths range from 1.5 m to 30 m or more, depending on deployment needs.
- Lightweight and Flexible:** Easy to route in tight spaces and high-density racks.
- Low Insertion Loss:** Ensures minimal signal degradation for reliable data transmission.
- Durable Construction:** Available in standard, armored, or zipcord designs for different environments.

**Applications**

- Data Centers:** High-density patch panels and server connections.
- Telecommunications:** Backbone and distribution networks.
- FTTA (Fiber to the Antenna):** Industrial and outdoor deployments.
- Enterprise Networks:** LAN and WAN connections requiring precise, reliable optical links.

**Purchasing Options** LC to LC patch cords are widely available online in Indonesia and globally. Examples include:

- Tokopedia:** Offers a variety of patch cords with options for free shipping, COD, and installment payments.
- Shopee:** Provides single-mode and multimode LC-LC cables in multiple lengths, often with promotions and free shipping.
