

Price of cable tray 600150

AI Overview

The price of a 600150 cable tray varies widely depending on the supplier, type, and quantity, ranging from approximately \$5.57 to over \$259 per unit. Pricing Overview

TE Connectivity MBXL R/A HDR DB 4P+24S (Trays): Prices range from \$5.57 for 40,480 units to \$8.25 for 1,100 units .Cablofil Wire Mesh Cable Tray (Graybar/Elliott Electric): Smaller wire mesh trays are priced around \$5.70 to \$57.44 per unit, depending on size and configuration .Legrand PW I-Tray Aluminum Ladder Tray: Industrial aluminum ladder trays are priced between \$224.73 and \$259.52 per unit for single pieces .Bulk or specialized trays: Larger or high-capacity trays can cost significantly more, with some models exceeding \$250 per unit depending on material, finish, and dimensions .Factors Affecting Price

Material: Steel, stainless steel, aluminum, or pre-galvanized finishes influence cost. Tray Type: Wire mesh, ladder, or solid-bottom trays have different manufacturing costs. Length and Width: Longer or wider trays increase material usage and price. Quantity: Bulk orders reduce per-unit cost significantly. Supplier: Prices vary between distributors like Graybar, Elliott Electric, and Legrand. Recommendations

For budget-conscious projects, consider wire mesh trays from Cablofil or bulk TE Connectivity trays. For industrial or heavy-duty applications, aluminum ladder trays from Legrand or specialized steel trays may be more suitable despite higher cost. Always check minimum order quantities and shipping costs, as some suppliers require direct vendor orders for certain models . By comparing suppliers and considering tray type, material, and quantity, you can select the most cost-effective 600150 cable tray for your project.
