

Production of Polymer Cable Trays in Egypt

AI Overview

Egypt has a growing industry for polymer cable trays, with several specialized manufacturers offering high-quality, customizable solutions for industrial and commercial applications.

Key Manufacturers

- PI Manufacturing Solutions** – Established in 2023 in New Cairo, PI specializes in engineering and manufacturing cable management systems, including cable trays, trunks, and ladders. They offer custom designs and durable products suitable for harsh environmental conditions such as dust, rain, and corrosion, making them ideal for polymer-based applications.
- Rovana Trade** – A leading Egyptian manufacturer, Rovana Trade produces high-quality cable trays and ladders, providing durable and customized solutions for electrical and industrial infrastructure across Egypt and the Middle East.
- United Engineers Factory** – This company manufactures a wide range of cable trays, including plastic (polymer) trays, which are lightweight, rust-resistant, and suitable for high-humidity or chemical-exposed environments. They also provide complementary accessories and installation services.

Other Notable Companies – Companies like El Masrya El Almana, Al-Yathreb Factory, and El Salam Metal Industries also produce cable trays and accessories, including polymer options, using modern machinery and electrostatic coatings to ensure durability and compliance with engineering standards.

Production Capabilities

Materials: Polymer cable trays are typically made from high-quality plastics that resist corrosion, moisture, and chemical exposure, making them suitable for industrial, commercial, and outdoor installations.

Customization: Manufacturers in Egypt offer custom sizes, shapes, and finishes to meet specific project requirements, including perforated, solid, or ladder-style trays.

Capacity: Factories like EMECO in 6th October City have production areas of 4,500 m² and ca...
