

Rainproof Monitoring Equipment Power Distribution Box

Overview

Our outdoor waterproof monitoring enclosures (also named security equipment cabinets, exterior distribution boxes) are tailor-made metal protective housings engineered for outdoor surveillance, network wiring and weak-current power distribution scenarios. We are a professional one-stop sheet metal fabricator specializing in customized outdoor waterproof monitoring & electrical enclosures. We have overcome common industry bottlenecks including cabinet bending deformation, uneven door gap, inconsistent IP sealing performance and poor long-term outdoor. (1) Waterproof distribution box engineered for harsh outdoor and industrial environments, providing IP65-IP68 sealing against dust, rain, and UV. Q: What material is the distribution box made of?

A: The distribution box is made of stainless steel, ensuring durability and resistance. We are based in Zhejiang, China, start from 2023, sell to Eastern Europe (20. it can be called "invisible guard" This article will take you in-depth.
