

Residential Indoor Electrical Distribution Box Manufacturers

AI Overview

Top manufacturers of indoor electrical distribution boxes include VIOX, DOHO, J&HW Group, E•Box, and SKKBO, offering customizable, high-quality enclosures for residential and commercial use. Leading Manufacturers VIOX Electric specializes in premium distribution boards and electrical panels for residential, commercial, and industrial applications. They offer ABS and stainless steel options with high IP ratings, enhanced safety features, and user-centric designs, providing durable and efficient power distribution solutions. DOHO Supply manufactures indoor electrical enclosures and cabinets with a focus on quality and customization. They provide thorough testing for each enclosure, ensuring reliability and long-term performance. DOHO offers a variety of custom options to meet specific requirements, making them a reputable choice for indoor electrical boxes. J&HW Group provides custom power distribution boxes with fast prototyping and in-house production of essential components. Their integrated manufacturing process ensures cost efficiency, reduced delays, and tailored solutions for specific electrical distribution needs. E•Box has over 35 years of experience producing UL-rated electrical enclosures. They offer low lead times, extensive finished goods inventory, and custom-made enclosures in unique sizes, colors, or applications. E•Box emphasizes speed, flexibility, and reliability for both small and large projects. SKKBO offers a wide range of indoor electrical boxes with high customization, including ABS, PC, and metal materials. Their enclosures are impact-resistant, IP-rated, and suitable for residential, industrial, and commercial applications. SKKBO supports custom knockouts, sizes, materials, and accessories like DIN rails and cable glands, serving clients in over 180 countries.

Key Features to Consider Material Options: ABS, PC, or metal for durability and envi...
