

Short-head square pigtail

Overview

SC-SC, commonly known as square-to-square pigtail, is generally used to connect optical boards between devices. Fiber optic pigtails play a central role in fiber optic cabling and, in combination with professional splicing technology, ensure maximum efficiency and low attenuation losses. Mass fusion splicing can fuse up to all 12 fibers in one ribbon at once. Mass Fusion Pigtails come with all 12 fibers terminated and a ribbonized. Send power and signal to equipment with metric connections Often used to send power and control signals to automated systems, motors, and pumps Connect equipment and devices to a power source Connect solenoid components, such as valves and motors Send data between computers, printers, servers, and. Same specifications, different dimensions for other parts. Weight 1000 pcs : kg x \$ per kg = \$ 1000 pcs Nominal Length LScrew, square head w. short dog point ► Large product range ✓ Fast delivery ✓ Purchase on account ✓ For trade customers only ► Buy from Würth! A pigtail fiber indicates a short length of optical fiber cable that has a pigtail connector (for example, SC, FC, ST, LC, etc).
